

Welcome Back!

Office of Assessment

The Office of Assessment welcomes you all back for the **2023-24 academic year**.

Look forward to a monthly newsletter from the office that will include important updates on assessment reporting and practices and other resources to assist programs in assessment projects.

Office Staff Changes

Dr. Nicole McClure took a position outside KU. The Office of Assessment misses her already, and we wish her well in her new position! Given Dr. McClure's departure, **we are seeking a second Assessment Fellow to begin in January 2024**. Please see the details of the position and application [here](#).

Dr. Michele Baranczyk is still here to answer any assessment-related questions you might have.

The office welcomes 2 new GAs this semester. Bec Miller, a third-year student in Clinical Mental Health Counseling, and Bri Dirnbeck, a third-year student in School Counseling, will be assisting in communication and reporting for the office this year.

Gen Ed Assessment

SLO 1 will be assessed in the Fall 2023 semester. Faculty teaching in any General Education Category A courses will be receiving more information about artifact collection.

Annual Report Workshop Hours

Questions about completing your annual report? You can drop by the CEL in RL 6 at either of the following times.

- Tues, Sept 12, 3-4 PM
