Talia McKinney
Real Estate Salesperson
The Serhant Team NYC

Talia McKinney, a licensed Real Estate Salesperson, is a member of Ryan Serhant's Team from Bravo's Million Dollar Listing NYC, also a Wall Street Journal Top 5 Sales Teams Nationwide 2015-2019. A licensed Real Estate Salesperson and a top agent on THE SERHANT TEAM of Nest Seekers International, McKinney believes that success is built upon the strength of the relationship. It is this belief that guides her in every interaction she has with her clients, and it is her innate ability to form these connections that allows both her and her clients to succeed in an oftentimes capricious New York real estate market.

Born and raised in Pennsylvania, McKinney was recruited to run track at Kutztown University and went on to help her team become State Champions. After graduating, she moved to New York City. Along with her remarkable athletic background, she brought with her a degree in Communications and Public Relations. During her first few years in the city, she explored careers in fashion, public relations, event planning, and hospitality.

Yet, despite her time in those industries, real estate was something that had always drawn her in. Today, having already spent years compiling a long record of listings and sales, McKinney continues to be excited by the challenges and relationships that real estate has to offer. She has used her experience from previous jobs to connect with her clients on a personal level that puts them at ease throughout the entire process of buying, selling, or investing in a home. Her thoroughness, attentiveness, and commitment distinguish her from typical agents. The relationship is what matters most to her, as she knows that the relationship is the bellwether for overall success and satisfaction.

Amy J. Miller, Esquire

Barry is author of the book "Excellence in Construction" and is a popular speaker at corporate meetings, trade shows, and conferences.

Before founding SI in 1983, Barry was vice-president of Rubright Construction, Inc. in Shoemakersville, Pennsylvania. Earlier, he held survey and crew positions with Robert Ludgate & Associates of Reading and J.E. Brenehan Contracting Engineers of Philadelphia.

A member of the Young Presidents Organization, Barry has participated for 13 years in the Executive Education Program designed for that group by Harvard University and has achieved alumni status. He also attended Penn State University and Lehigh County Community College and completed a two-year Executive Leadership Program at the Wharton Business School.

Barry achieved Certified Equipment Manager (CEM) status with the Association of Equipment Management Professionals (AEMP) in 2006 and Safety Trained Supervisor of Construction (STSC) status through the Board of Safety Professionals in 2016.

Missy Wilson
Co-Owner & Manager
Setter Ridge Vineyards

Missy Wilson is co-owner in Setter Ridge Vineyards LLC with her four siblings and parents. Growing up in rural Berks County and going to college at Bucknell University in rural Lewisburg led her to move to the Washington DC area after graduation with her BS in Mathematics. After four years working in an accounting department, she moved back to Kutztown to help in the daily operation of then-named Blair Vineyards. In the time since, Blair Vineyards had expanded and opened a new tasting room just north of Kutztown. Now growing over 30 acres of grapes, they are working their way to becoming an Estate Grown winery. Blair Vineyards rebranded its wines under a new label of Setter Ridge Vineyards a few years ago. Setter Ridge Vineyards has been an active member of the Northeast Berks Chamber since 2010.

Jamey Maack
President
Industrial Metal Plating

Jamey Maack is president and co-owner of Industrial Metal Plating, an aluminum finishing company located in Reading. Jamey is a graduate of Elon University, where he received a Bachelor of Science in Business Administration degree.

After graduation, Jamey relocated to Reading, where he began learning the family business from the ground up. That eventually led to him becoming president in August of 2009. He modernized the plant technologically, added new LEAN production processes, and implemented the current business practices. Industrial Metal Plating is a successful family business that currently employs 60 people.
