

Micro Internship: Flexible Start Date

Project Description:

SEI's Total Rewards – Wellness team is continually reviewing and assessing our offerings to the global SEI workforce with the intention of offering a comprehensive wellness platform of services and support. More specifically, we are looking to implement and offer a Wellness Center, a physical space with mental and physical wellness services, to our Oaks population. For this project we want to understand the following:

- Considering that we want to attract and retain top level talent from colleges and universities across the country, identify and document what Wellness options are offered from colleges and universities. Check out William and Mary's Wellness Center for an example.
- Work with SEI's Benefit consultant – NFP to understand what Wellness offerings are available from the following entities:
 - o SEI's competitors – Vanguard, Blackrock, Fidelity, Broadridge, Franklin Square, etc.
 - o Tech companies – Microsoft, Google, etc
 - o Sports teams
 - o Open to other ideas

Complete findings of the project should be documented in a comprehensive spreadsheet and presented virtually in PowerPoint to key members of SEI's Total Rewards team.

Skills/Qualifications:

Attention to Detail
Research skills
Excellent written and verbal communication skills
Proficiency with Microsoft Excel and PowerPoint

Desired Majors: Marketing (Sophomore-Senior)

Approx. Length: Flexible

Pay: 25 hours

Format: Remote
