

## Bachelor of Science in Education: Library Science Bachelor of Science: Library Science

The Library Science program prepares students to serve as professional librarians evaluating, selecting, collecting, organizing, storing, retrieving and disseminating information. The various program tracks have been designed to include the traditional roles of librarianship as well as the standard and emerging technologies. Additionally, the program balances theoretical foundation with practical implementation.

### Career types associated with Library Science

*(Is this a good fit for you? Are you...)*

Social - "Helper"

Enterprising - "Persuader"

Artistic - "Creator"

### Related skills, values, and qualities

- Strong interpersonal skills and ability to interact with people of diverse backgrounds and personalities
- Desire and ability to work with people of all ages
