

**Student Learning Outcome (SLO) #8—Explore concepts, ideas and methods from a variety of disciplines.**

Definition: Breadth of study is exposure to ideas from a variety of disciplines as defined by the course prefix. Through a transcript audit of graduating seniors, the number of different prefixes taken in the general education program is determined.

**This SLO is met by completing the General Education Program.**

|   | <b>Performance Levels</b>  |  |   |   |
|---|--|--|---|---|
|   | <b>4</b>   | <b>3</b>   | <b>2</b>  | <b>1</b>  |
| <b>Student output and quality of work</b> | <ul style="list-style-type: none"><li>• 11 or more different prefixes counted among courses take for general education</li></ul> | <ul style="list-style-type: none"><li>• 10-8 different prefixes counted among courses take for general education</li></ul> | <ul style="list-style-type: none"><li>• 7-5 different prefixes counted among courses take for general education</li></ul> | <ul style="list-style-type: none"><li>• 3-4 different prefixes counted among courses take for general education</li></ul> |
