

## **102113 TOILET COMPARTMENTS**

1. Floor mounted compartments with overhead bracing and wall hung screens shall be used. For both, ensure adequate structural support to prevent sagging and warping. Toilet stalls less than 36" will not be permitted.
2. Compartments and screens shall be code compliant solid plastic. Preferred manufacturers:
  - a. Santana
  - b. Comtec
  - c. Bradley
3. Compartments shall have extended height and depth panels in one continuous piece (no stacking), shall have no vision gaps, shall have vacant / occupied indicators, shall have pulls on both sides of the handicapped stall doors, and shall be ADA compliant.
  - a. Alternate approach is Euro design.
